

# Automation Progetti

- ITALIAN MANUFACTURER -  
since 1975

## PANEL PRESETTER

### AP105 – P4 / P8

AP105-4      AP105-8

#### COMMON TECHNICAL DATA

MANUFACTURER : Automation Progetti  
 Version : industrial; microprocessor based (C-MOS),  
 with non-volatile memory (EEPROM)  
 Mounting : on panel  
 Programming keyboard : with anti-dust membrane  
 Frontal protection : IP 55  
 Connections : by pull-out terminal block  
 Ambient temp. : -15 ÷ 60 °C

Humidity : 4 ÷ 95 % (non condensing)  
 Power supply : std 220/110 Vac ± 10 % (2,5W)  
 on request 24 Vac - 24 Vdc  
 Dimensions : 48 x 96 depth 140 mm (Din 43700)  
 Burn-in : 120 hours  
 MBTF : 100'000 hours

#### 8 DIGITS PRESETTER

Model : **AP105-P8**  
 Counter : resettable  
 Input : N<sup>o</sup> 1 from passive contact  
 or from voltage (10 ÷ 28 Vdc)  
 or from PNP or NPN transistor (15 mA)  
 Visualization : 8 digits (99999999) h=8 mm  
 1 presetter, 1 resettable totalizer  
 Reset : from keyboard / from terminal block / deactivable  
 Filter : programmable anti-bounce / anti-noise

#### 4 DIGITS PRESETTER

Model : **AP105-P4**  
 Counter : resettable  
 Input : N<sup>o</sup> 1 from passive contact  
 or from voltage (10 ÷ 28 Vdc)  
 or from PNP or NPN transistor (15 mA)  
 Visualization : 8 digits (9999) h=13,2 mm  
 1 presetter, 1 resettable totalizer  
 Reset : from keyboard / from terminal block / deactivable  
 Filter : programmable anti-bounce / anti-noise
